Here-with is in reference to your 25 September 2014 correspondence that within; you declared to have provided to Ombudsman NSW reasons for your decision to not conduct any further investigation.

On 8<sup>th</sup> June 2016, I pursued before NCAT copy ov such; pursued after Ombudsman NSW's failure to address three informal requests and refusal to provide copy from my request made under GIPA. (I bring to your attention that in Ombudsman NSW's GIPA refusals, was provided; the recommendation that I make a direct request to NSW Police citing the above reference number.)

Berserkingly NCAT under Senior Member McTeer affirmed Ombudsman NSW's decision to refuse to release copy. (I bring to your attention that within the Hearing submissions, it was discovered, that upon search for copy ov your reasons ov explanation; that no copy was found within Ombudsman NSW S/2015/51 records.

Senior Member McTeer astoundingly and ludicrously failed to find issue or relevance particularly as such is required under Part 8A of the Police Act 1990.

I am presently in the intention ov appealing the decision made by Senior Member McTeer.

I here-with request copy ov the reasons for decision that yourself declared to have provided to Ombudsman NSW as well as copy ov the reasons for decision that yourself declared to have provided to the Police Integrity Commission.
