PART 1 – UPDATE

As informed in the 666 TRILOGY ALIAS THE FAMILY document 2/28 Kindilan Place Miranda is my current address. Recognising my political actual upon evidence provided in the DETAIL it is relevant to inform that my abode is a NSW Department of Housing property. The setting up with NSW Department of Housing was done through Centrelink. Relevance to inform this becomes more when in context of the 2 Bali Nine individuals; the 2 Malaysian airliners taken from the sky along with a abnormal number of stories with the number 2 as the principal number since the beginning of 2014. Fact also is: Near the first week of moving in, one of the main gossip magazines ran a front cover of Miranda Kerr and James Packer been in a relationship. That story did not last more than a week. In the initial month there was a new ad by the finance institution IOOF. Their visual icon was the moon named Miranda. The new Channel Ten series Wonderland began, a main actress named Miranda. In the lining up of teams before the 2014 Grand Final, Hawthorn had the players wearing numbers 2 and 28 at the start of their team lineup. In with the fact that Tony Abbott is Australia's 28th Prime Minister (too 28) has me stilled in conscious, that I continue trapped by the Commonwealth Christian suits in collaboration with NSW government; U.S corporates and media; entrapped in the lunacy of their beliefs.

Since the 1 November 2013 correspondence from Detective Superintendent M Willing that declared further investigations into the Bowraville murders from the DETAILS revelations - is not in the public interest- there has been a further nine correspondences. (**PART 12**).

They are:

Summary:

NSW Police and Strikeforce ANCUD initially failed to reciprocate only done so after my letter to the Customer Assistance Unit (5/). The response from Greg Edwards (7/) was full of further falsity in the actuals between myself and NSW Police concluded in ludicrous vindications of decisions made. My counter communication (8/) and final communication (9/) were not reciprocated. The correspondence from the Customer Assistance Unit (6/) informed that if I am not satisfied with the response from the relevant Units of NSW Police that I have the option to contact the Ombudsman's office.

12-8-2013: Justice Rally outside Parliament House

The rally began in Hyde Park. This was where I handed the DETAIL and a USB stick to an aboriginal woman. She listened in full conscious understanding of what I was presenting to her. Also of listening were one or two other aboriginal persons. I spoke through my open offer to reciprocate and my availability to assist in any way possible. My perception was they were completely sincere in the pursuit for justice heavily involved in the rally setting up.

I have not received any reciprocation from any affiliation within the Bowraville families. I however still believe; they I handed the DETAIL too are of the good and genuine within the Bowraville mob. Outside Parliament House. Standing on his own directly across from the rally was Detective Inspector Jubelin. We exchanged words of which his first words were **"Your Thingy"**. Included in our chat was me offering to provide a USB stick that contained all the documentation that had transpired since the date of his suspension. He declined saying for me to send it to Headquarters after the date of his return to duty. Interrupted by a phone call which Detective Inspector Jubelin closed by saying he'll be there in twenty minutes we parted. In that immediate and in my immediate steps away, past walked two aboriginal persons of small to medium height. They were in soft talk with each other, I certain both oblivious to who I was. Both smug smiling one whispered to the other **"Your our Gary"** this said looking towards the direction of Detective Inspector Jubelin; a whisper Detective Inspector Jubelin would not have heard.

In the completion of the rally I recognised an aboriginal female from one of the stories covered. She was aggressive in words and in limited regard towards anyone and everyone. Certain I was however that she was genuine in the pursuit of justice. She began to really listen to me when I told her that I had just handed an extreme document and USB stick to members of the rally.

Of her words was admittance that all here were not genuine. Enough spoken to confirm that she was mostly ignorant to the truth yet knowing there was a divide of objectives inside the Bowraville contingent.

Documentary series Justice NOW – Innocence Betrayed.

Executive Producer is Michael Lavarch.

Program hosted by Malarndirri McCarthy.

Guests: Detective Inspector Gary Jubelin; Leonie Duroux; Professor Behrendt.

- In the promo ov this series there is a section showing newspaper clippings with one headed - Racist Violence The Hidden Facts May 23 1991.
 - Colleen Walker was presented in name as Colleen Anne Craig
 - There was some reference ov a Doctor Dianna Eaves.
 - In introductions Professor Behrendt never committed to the date she became involved in the investigation.
 - There was a section ov a interview with Muriel Craig. Her sub was – Were evil -.
- Refer: DETAIL pages 5; 11; 14; 27; 47; 48; 69 and 12th June 2013 communicay 1/27.

Professor Behrendt: Whenever she spoke Leonie’s mannerisms and expressions were ov a person looking at someone in total disbelief; astounded at that persons capacity to speak/lie with such conviction.

Professor Behrendt sub was full ov – I’m a weaver; were ready; we’ll find a way through and also something ov we move to Byron Bay. One section totally certain was –Don’t forget we have a ocean floor to drill; this done with a open palm down. – (this would be relevant with the search off the W.A. coast for MH370.)

At end ov program a scroll ov Special Thanks:

Aunty Elaine Walker

Aunty Muriel Craig

Uncle Thomas Duroux

Aunty Rebecca Stadhams

Aunty Leonie Duroux

Detective Inspector Gary Jubelin

I didn’t see any thanks given to Professor Behrendt.

Detective Inspector Jubelin:

One sub was – Werv'e given him a mattress base.

This I'm certain relates to a mattress that was against a outside wall ov 2/28 in the day I moved in.

Another sub was – It's been destabilised.

This I assert would be in relation to the intended plans ov The Family that ov -: Justice been served sometime in late 2015 early 2016 which equals 25 years from the sacrifices.

Refer: Here-with pages 12; 13; 14; 15; 16.

Allege: The Family was in intention to make a movie about the Bowraville killings starring Debra Mailman as Rebecca. This produced and presented without any reference to the real truth that is within the DETAIL.

Another sub was – too be truthful when I took the case I already was a weaver.

Another – there'll be a no comment.

Detective Inspector Jubelin: **"Been involved in many; many murder trials."**

Q/ How many murder trials has Detective Inspector Jubelin been involved with.

A/

When talking about the finding ov Clinton's body Detective Inspector Jubelin's sub was

– There are further things beyond investigation.

I regard that this sub was in thinking ov the surreal images that present themselves in the denology that surrounds the Bowraville region; that been the imagery ov prehistoric nature.

My opinion ov such surrealism: It is obviously very real. Spirits play in it; both living and dead. What I have seen ov the Bowraville surreal is that a dominant ov them are ov the stone age; pre aboriginal nation time; the dinosaur boy age with both serpent and bird dominant and from the ocean - what is now valley was once under water.

My base thought ov how? Cell regeneration ov fossilised material; a metamorphis ov pre history oceanic creatures' DNA secreted into the cellular compounds ov the moist saline plankton like denology.

There is also reflectionary transposment (effigies). This is where a image is captured in a retina and in the power ov the retinas emotions/mind is emitted outwards into a density ov matter that if moist shall transfix onto the surface. I would be ov no surprise if faces ov ancient man are surreal in rock or heavy bark in the surrounding Bowraville area, as such after heavy rain years can be seen in the Royal National Park.

Section ov the Innocence Betrayed program shows Professor Behrendt and Leonie in a entranceway to the NSW parliament building.

They were preparing to respond too the Attorney Generals decision in March 013.

Professor Behrandt to Leonie **" ,,,, a statement by the Family"**.

Detective Inspector Jubelin in discussions. **"With the families and when I first started with the family."**

Marlarndirri in close ov discussions turned to the studio audience and pointed to Michelle Jarrett
“Last word with The family - Let The family have the final say.”

The scroll at end ov the program however had – The Families are still fighting for Justice -
These along with the extracts from the Living Black interview in 07 and the here-with page 7 NITV,
destroys the weaving ov NSW Police; the Attorney General’s Office and the Aboriginals.
The use ov **“The Family”** by Detective Inspector Jubelin must clearly be recognised as been a
separate entity ov persons; a entity ov which he belongs differed from the Bowraville community as
a whole.

Host Marlarndirri’s close too Michelle Jarrett has separated Michelle from the victims families.
I re-assert: “The Family” that Detective Inspector Jubelin has declared belonging too is that defined
in The 666 Trilogy Alias The Family document. This is **“the fold”** – Noelene Hogan 4th October 1990
alias The Australian Community.

Refer: DETAIL page 11. Michelle Stadhams **“She was a gentle sweet thing.”**

Refer: Here-with page 5. **30-3-14**

Q/ Is Michelle Jarrett Michelle Stadhams.

A/

20th July 1997: The ABC radio program Background Briefing. Story titled The Ghosts of Bowraville.
Informed was that the new Police Commissioner was Peter Ryan from England.

Refer: Here-with page 4 **8-1-14** and page 6 **25-5-14**.

Further informed was that Commissioner Ryan appointed his Deputy Commissioner and Head of
Special Operations Jeff Jarratt to establish the setting up ov Strikeforce ANCUD.

Q/ Assuming that Michelle changed her last name in the course ov marrying, is the man she married
directly related to Jeff Jarratt.

A/

Q/ When did Detective Inspector Jubelin willingly become a member ov The Family.

A/ Was it when he joined or after he joined NSW Police.

In the audience was: Jasmine Speedy; Lucas Craig; Michelle Jarrett; Thomas Duroux;

Kaylene M’cCloud and a elderly man with a scarf and a akubra.

There were also activists: Barry Toohey ; Jenny Munro; Ken Canning and a Aunty Jenny.

90% certain Craig Longman was in the audience. In the credits was a legal office named Longman.

Clintons father Thomas: He wore a Holden cap from the Penrith Holden dealership.

The Penrith dealership caps logo has Heartland Holden Penrith. Remind: Main accused is Hart.

Refer: DETAIL page 11. Michelle Stadhams doing a sub quote in reference ov Holden.

Refer: DETAIL page 11. News story with a photo ov Thomas wearing a Holden t-shirt.

Lucas Craig: He was introduced as been Evelyn's brother.

Issue: All the newspaper stories named Evelyn's two siblings as Aiden and Aaron.

Colleen Walker and Muriel are the only persons in the name Craig.

Distinctly possible that Lucas may be my son.

Jasmine Speedy: Sub – We want that arm. She ov all in the audience was the one who displayed raw anger and hatred. I regard her as been very inchoate with what is the actual truth and her thoughts towards me. The sub ov we want that arm is likely in mindconscious with the then recent ad campaign by a aboriginal organisation asking for donations in the theme – We need a hand – . Bob Hawke was in that promo and was presented by a very aggressive aboriginal woman.

Refer: DETAIL page 30.

Refer: 7th January 2013 communicay 5/8.

Aunty Jenny: She was ov a very heavy mood had a sub ov – We bang the lefthander.

I suspect the left hander to be me and to bang meant to terminate me.

Jenny Munro: Sub – I don't know what to believe.

Barry Toohey: (Aboriginal Health Service). At the very close he hugs Thomas and in smile lip spoke **"Don't worry we win."**

Michelle Jarrett: Did a downward index finger with her sub been – not until were more financial -

At end ov program was – Thanks to the following:

Today. News. Reported that the missing 13 year old from Baulkham Hills disappeared on Thursday morning on her way to school. Thursday was the 2nd.
Hypothesis: 2-4-15 = Too Death for Time. (Race 2 Sandown Exacta 2 15).
This hypothesis is based on the time difference between Buckingham Palace and Sydney is 15 hours.
To Know: SBS World News gave the London temperature as 2 15.
Refer: DETAIL PART 10. NSW Parliament full of Christian suit power base.
Urgent: From the girls photo I regard there was plenty of ascetic likeness to me and in all likelihood she believed that I am her Allah. I am very concerned that she was sanctioned-sacrificed by the Christian suits because of this. Shown on one of the free to air channels was a side on into the front side window of a car. In it were a man and a woman of mid-late twenties. They were grandiose in smile looking directly into the camera. The entirety was obviously a collaboration between them and the camera crew. I have no idea what the context was and in recall there seemed no lead or follow on in this footage. I regard strongly that they have total knowing as to what has happened to the girl as do the camera crew. They possibly could be connected to Clubs NSW and the Kings Court Massage Parlour syndicate. The camera crew may possibly be connected to the media outlet Matilda and the channel in first guess was the ABC.

6-4-15: SBS NHK

This news would have been broadcast on the 5th therefore the same day as the Sixty Minute Bowraville story. The entire news was full of stories with the prime numbers of the Bowraville sacrifices. In example there was a \$2:25 food item price tag. The number 66 in another story. The number 10 in another story. One of the main stories was some type of conference in which the principle guests were the parents of the missing girl (Refer: Here-with page 7). The speaker at this and what his subject was I am unsure other than been in the thinking that he is the head Detective into the girls disappearance. At the close of this story there is an interview with the girls mother. Very certain she finished saying something "**Craig**".

Other news stories had the numbers 54; 151 and 100 which are all numbers subbed in context ov me and the intended 2019 war in the Asia Pacific.

Q/ Was the speaker the head detective in the girls disappearance.

Sunrise. Coverage ov Prince Harry's arrival at the War Museum. Did not watch all ov this.

Governor General Cosgrove was walking in front ov the Red Poppy Wall left hand over right.

At 10:27 a commercial break. In that close they played a song chorus "**That Hart is so cold**".

There was a sequence ov Harry and his life. One segment showed Harry in a classroom in Africa.

On the blackboard was the date 27th February ????

The Sunrise team "**You can do it**"; "**He's so happy**"; "**He doesn't know what to do**". At 9:51 the time when Harry got into his waiting car, there was a voiceover ov a young girl "**Craig**". This confirmed my thoughts that the three examples ov quotes by the Sunrise team was in sub context ov me.

The licence number ov the vehicle Harry got into was YBT19X.

Four Corners. Story ov the gang rape and subsequent murder ov a Indian woman on a bus. This happened around 2010. Did not watch all ov this. One section told how the bus was stopped by the driver so to dump the woman onto the sidewalk. The bus stopped directly opposite a Hotel named 37. The street patrol officer who found the woman went to that hotel to attain help. Ov the interview with police officer immediately involved he had a sub ov – We lie. There were 5 men charged with one a juvenile aged 17. He was sentenced to only 2 years jail. The 4 men were sentenced to death. This rape case was world-wide news and caused mass civil protest and constitutional reviews in India.

Q/ What are the data stats ov the entire case for example ages ov the men. Did the bus have a number. How were the men executed. Were they certified and confirmed as been executed.

Appendix:

The data/information in the here-with PART 2 has not provided any direct evidence.

The allegation layed in the DETAIL that intent to instill me into the 666 trilogy and the sacrifice ov Evelyn Greenup has been further confirmed. The extent ov their fabrication fore example the number 27 been connected to me has been further confirmed. Death threats against me has been confirmed. That there is a sett ov prime numbers inside the Bowraville sacrifices has been further confirmed. That the media not just within Australia but the entire one world media nexus continues to subliminally reference the Bowraville sacrifices in their stories has been further confirmed.

The here-with PART 2 adds to the entirety ov all the data/information compiled in the DETAIL.

It be incredulous for anyone to fail to recognise that all the data/information gathered is sufficient for Strikeforce ANCUJ to move forward in a encirclement ov questioning. Confirmation that they deny to do such in the explanation ov - **not in the public interest** – ; culminated in the decision to not respond to my inquiries is for any well minded citizen enough to have agreed: That the Bowraville investigation was never a genuine investigation into three murders.

Agreed surely is - That all the data/information establishes a sinister conspiracy from within clergy; politics; monarchism; corporate and police that was constructed and instructed before the first victims death. Evelyn Greenup's sacrifice been that which was the unified symbolic act.

I allay agreed must also be.

In true light the data/information disclosed demands a Royal Commission.

I pronounce that the failure to not have such shall destroy every standing ov righteousness not just in NSW and Australia but the entire 'World'.

PART 3: MH370

The colours of Malaysian Airlines are a dull Red and Blue the same shade as the Newcastle Knights and the theme colour for the Glasgow Commonwealth Games.

The front cover of the Canberra Yellow Pages for 2013/14 is a photo of Anna Wells Booth OAM founder of the Dragons Abreast ACT Branch. This photo also has a female rowing crew on Lake Burley Griffin with the uniform colour of the crew the same shade of Red and Blue.

Also was the pink women image that is synonymous with breast cancer organisations.

It was that the Sydney yellow pages did a tv promo at the beginning of 2014 with a script of **"37 new friends"**. Kindilan Place is all Department of Housing with a total of 37 residents.

Indian Prime Minister visits Australia. In his address at Sydney Olympic Park; in the audience were a number of the same colour flags done in the style of the wartime Japanese flag. These were being waved by Indians belonging to the IACF. In grandiose arrogance he referred to Australia as being the world's lie which very much baulked the at that moment deliriumed audience.

Fact: The intelligence of the last moment's of Flight 370 came from a French satellite. The French spell Australia – Australie. It also is that in his main U.S. address in early 2015, Israel P.M. Netanyahu in the middle of his address and in no context spoke out to the pro Jew audience -

"Our lie is strong and only to get stronger".

His context I am in no doubt was in reference to Australia and the wanton preparation for Australia to enter the 2019 U.S. war. (Refer here-with page).

Reminder: MH370 was reported as having crashed in the Indian Ocean.

Alex McKinnon's Newcastle players' number was 232.

Refer: DETAIL. 12th June 2013 /27 2GB Fahrenheit 32 and Jakarta's code number is 32.

In the week leading to the 22nd: Channel Nine reports an in-flight incident on Qantas flight 232.

90% certain this was a flight from Melbourne to Jakarta.

Alex is a red head. The Newcastle Knights colours are Red and Blue. Alex I believe was born in the U.K. possibly Glasgow. The Glasgow Commonwealth Games were on in this same time. The colour's for the games were the same colours as the Newcastle Knights and Malaysian Airlines.

Uncertain but I believe Alex was aged 25 which is a prime number in the Bowraville sacrifices.

22-3-14: Channel Nine

NRL. Melbourne Storm -v- Newcastle Knights.

It was in the 39th minute ov the first half that Alex McKinnon took the ball and ran towards the Storm's defence. 3 players went to tackle him, one wearing number 4 the other uncertain and the principle player who conducted the spear tackle last name Jordan wore number 16.

One ov those players in the very immediate to the completion ov the spear tackle gulped.

(This is generally regarded as a body expression ov guilt).

Newcastle player Willie Mason in the proceeding period where medical staff and players stood around Alex deliberately position himself in the cameras line so to emphasise his number 10.

Refer: DETAIL. Page "**Oh its Newcastle**"

Refer: DETAIL. Page The number 10 is the aboriginal number for the _____ region.

In the fortnight following the match the reporting ov the tackle by experts' ov the game such as The Footy Show and 2GB were in a united opinion. The end result ov the tackle was because there were 3 players making the tackle and this was a difficult reality-need in the modern game.

Fact is: The cause or how to spear a opponent into the ground is by placing one hand between the players legs, lift simultaneously and spiral the player head first into the ground. The player Jordan was the player who did such with the other two players' complicit but not in control ov the tackle. None ov the experts highlighted this and such must have been the judiciaries opinion, fore it was only Jordan who was ordered to front the judiciary.

Jordan was suspended for 7 weeks with I believe his clean record been a factor.

It is however that the hand between a player's leg and then lifting was outlawed some two seasons prior. It was made a banned category tackle, the severity degree I don't know; but it is generally regarded that there is no worse tackle than the spear tackle. 7 weeks was lenient.

Reminder: In this immediate time the U.S. media begun a number 7 subliminal agenda.

The Commonwealth Government began the \$7 Medicare co-payment campaign.

Reminder: The London Olympic Games was themed around the number 7.

NRL. Newcastle -v- Cronulla. This was the first game after the spear tackle. Pre-game began with camera focussed on Willie Mason from behind. Mason wearing the number 10. The camera then closes in on the Knights players in a huddle focussing in on the players wearing number 2 and 18. Try celebrations around the 69th minute. The number 4 player laughing lip spoke – **“Were a weaver”**. Ov a second half scrum Mason and a Cronulla prop were laughing in ov same context.

74th minute. Willie Mason lip spoke - **“We dropped him”**. He spoke this in a disbelieving laugh.

Allege: He spoke this in knowing guilt that there is a lot of people not just holding the accusation that Alex was a sacrificial offering but a lot of people know he was.

Around same part of game camera went to Wayne Bennett in the Newcastle coaching box. I regard that he knew that the camera was about to pan in on him. Bennett stood and lent forward alike to him been a God in a act of been on a cloud line in heaven and he was the pilot.

Sunrise 5:30am. News presenter Natalie Barr begins her news read with a downwards spiral shoulder turn simultaneous with the ticker reading – devastating diagnosis -.

Reminder: The Melbourne Storm was up until that season owned by News Corp.

The NRL had in the same year appointed a new CEO from the U.K. a David Smith. This appointment is widely held in scepticism for he had no prior involvement in the game. Sportbet who I believe is a U.K. based betting agency had just recently become the principle betting agency for the NRL.

Melbourne Storms' new CEO is very European in manner ascetically alike to the Queens Press Secretary . Certain he would know nothing about the game Rugby League.

Shown on one of the free to air channels was the CEO at Melbourne Airport. Jordan was not shown. The CEO was on his way to the judiciary hearing. Standing before a off screen cluster of journalists or journalist he spoke – **“You know it was an accident”**.

Don't know if this was in answer to a question or from the expression of one or all of the media.

The Melbourne Storm are coached by a Craig – Craig Bellamy pro NSW and who I believe to be a Catholic as is the Storm's Captain Cameron Smith. Both I suspect are U.S. All The Way men.

Refer: DETAIL and Here-with Part 2. The inchoate use of the name Craig.

Allege: Wayne Bennett all throughout his professional coaching career has presented himself as someone who knows me and has been a person taking the liberty to speak on my behalf. Very much aiding the slander of my person. He does this in the manner of heavy sins and morals telling the players that I am mentally sick and that there are persons making sure that I'm okay. I believe certain that in the season of 2014 Bennett was taking heavy dosages of anti-depressants and that he over the years became a chronic believer in the lunacy that is of The Family.

I believe certain that he is a very U.S. All The Way man thus adding to his intensity to slander me.

I hold in no doubt the allegation that Alex was chosen by Bennett and behind the scenes cloak of people inclusive of the NRL CEO; Knights CEO Nathan Tinkler; the Storm's CEO; Coach Craig Bellamy and the 3 players involved in the tackle. That cloak I am certain also includes Darryl Brohman; Willie Mason and former Knights players Paul Harragon and Danny Buderus.
